³Research Department, Nadezhda Women's Health Hospital, 3 "Blaga vest" Street, Sofia, Bulgaria

2 Zaharieva et al.

a) 1b) 2c) 3

1. How many cetacean species are you familiar with from your practice as a fisherman?

Study the Conflict Between Cetaceans and Fisheries in Bulgarian Part of the Black Sea

Part 1: General Knowledge About Cetaceans

d) More
2. How do they differ?a) By body sizeb) By the length of their rostrum (muzzle)c) By color
3. Do you think the number of cetaceans in the Black Sea is ?a) Increasingb) Without changec) Decreasingd) I do not know.
 4. Are the cetaceans protected by Bulgarian law? a) Yes b) No c) I do not know. d) Only some species.
 5. Which of these answers best describes your attitude towards cetaceans? a) Completely negative b) Moderately negative c) Neutral d) Moderately positive e) Completely positive
Part 2: Personal Experience
6. Have cetaceans ever entered your fishing gear?a) Yesb) NoIf yes, do you remember how many individuals, when (season, year), how often, and what species?
7. Do you always recognize which species they are?a) Yesb) No

Grade them by importance (1 – the most significant, 2 – medium in importance, 3 – least important, or 4 – unimportant). a) They destroy and damage the fishing gear b) They cat the fish c) They drive away the fish d) All of the above: e) Other: Please describe:	8. What type of damages do cetaceans cause to your fishing gear?
b) They drive away the fish	Grade them by importance (1 – the most significant, 2 – medium in importance, 3 – least important, or 4 – unimportant).
c) They drive away the fish d) All of the above: e) Other: Please describe: Please describe: 9. In which season do you experience the biggest problems with cetaceans? a) Spring b) Summer c) Auturnn d) Winter e) I do not know. 10. How do you handle cetaceans in your fishing gear? a) By catching and moving them. b) We kill them. c) Other: 11. In which seasons do you observe cetaceans most frequently? a) Spring b) Summer c) Auturnn d) Winter 12. Do you think they have a preference for a certain type of fish? a) They have preferences. b) No, they consume whichever species is most abundant. c) Depends on the season d) I do not know. 13. What measures would you recommend to reduce the damage caused by cetaceans on fishing gear or for this problem overall. a) Reduce their number through culling down to a certain number. b) Scarcerow devices – Please describe:	a) They destroy and damage the fishing gear
d) All of the above: e) Other: Please describe:	b) They eat the fish
e) Other: Please describe:	c) They drive away the fish
Please describe: 9. In which season do you experience the biggest problems with cetaceans? a) Spring b) Summer c) Autumn d) Winter e) I do not know. 10. How do you handle cetaceans in your fishing gear? a) By catching and moving them. b) We kill them. c) Other: 11. In which seasons do you observe cetaceans most frequently? a) Spring b) Summer c) Autumn d) Winter 12. Do you think they have a preference for a certain type of fish? a) They have preferences. b) No, they consume whichever species is most abundant. c) Depends on the season d) I do not know. 13. What measures would you recommend to reduce the damage caused by cetaceans on fishing gear or for this problem overall. a) Reduce their number through culling down to a certain number. b) Scarecrow devices – Please describe:	d) All of the above:
9. In which season do you experience the biggest problems with cetaceans? a) Spring b) Summer c) Autumn d) Winter e) I do not know. 10. d) I do not know. 13. What measures would you recommend to reduce the damage caused by cetaceans on fishing gear or for this problem overall. a) Reduce their number through culling down to a certain number. b) Scarecrow devices – Please describe: c) Other – Describe the most effective methods according to you?	
13. What measures would you recommend to reduce the damage caused by cetaceans on fishing gear or for this problem overall. a) Reduce their number through culling down to a certain number. b) Scarecrow devices – Please describe: c) Other – Describe the most effective methods according to you?	
a) Reduce their number through culling down to a certain number. b) Scarecrow devices – Please describe: c) Other – Describe the most effective methods according to you?	d) I do not know.
b) Scarecrow devices – Please describe: c) Other – Describe the most effective methods according to you?	13. What measures would you recommend to reduce the damage caused by cetaceans on fishing gear or for this problem overall.
c) Other – Describe the most effective methods according to you?	a) Reduce their number through culling down to a certain number.
	b) Scarecrow devices – Please describe:
d) I do not consider it necessary to take any measures against them because the damages are insignificant.	c) Other – Describe the most effective methods according to you?
d) I do not consider it necessary to take any measures against them because the damages are insignificant.	
	d) I do not consider it necessary to take any measures against them because the damages are insignificant

4 Zaharieva et al.

14. What would you say is the most effective	way to reduce the damages by cetaceans?
a) Special nets	
b) Shooting	
c) Traps	
d) Other:	
15. What kind of fishing vessel do you use?	
a) Motor boat	
b) Paddle boat	
c) Trawler.	
d) Other	
16. What species do you fish for, depending of	on the season? Please list:
a) Spring	
b) Summer	
c) Autumn	
d) Winter	
Part 3: Describe the Bo	ehavior of Cetaceans When They Attack the Fishing Gear
17. How do they attack the fishing gear?	
a) Individually	
b) In groups	
18. Is there a difference in behavior between	species?
a) Yes	
What?	
b) No	
c) I do not know.	
	Part 4: Information About You
I. Gender:	
a) Female	
b) Male	
II. Age: years	
III. Place of residence:	
IV. Education:	
a) Primary	
b) Secondary	
c) Higher	
V. How long have you been a fisherman?
